How to Install the CountMeds App for IOS

CountMeds
Compliance Strategies LLC for iOS.

1 thing you need to succeed

1. AppleID – you need your Apple ID and password.

    –   Same that you use to download apps from the iTunes Store

4 Steps to help Us test CountMeds

1. Join iTunes Connect (Internal Testers Only)
2. Install Apple TestFlight
3. Install CountMeds
4. Set up CountMeds

1. Join iTunes Connect (Internal Testers Only)

If you are an Internal Tester you will receive an email like this from the iTunes Store inviting you to activate your iTunes Connect account.
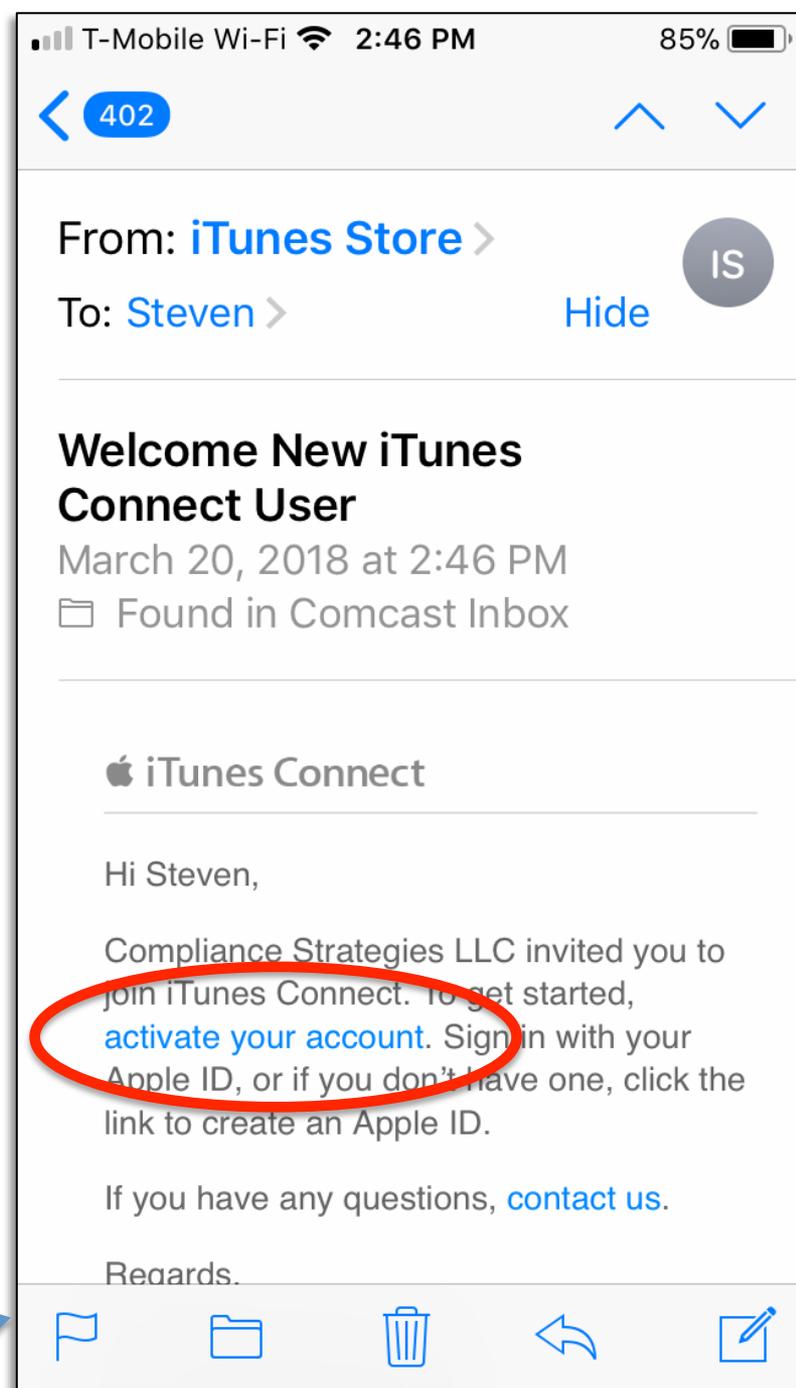

If you are an External Tester, you can ignore this step

Internal vs External –how will you know?
- If you receive an email like this one then you are an Internal Tester.
- If you don't receive this email and only receive an email from TestFlight (see slide 6) then you are an External Tester

If you get this email then Tap "activate your account" in the email to start activating your iTunes Connect account
